NEWS RELEASE OF PERLA TABARES HANTMAN

March 13, 2008

As proposed by Vice Chairman Perla Tabares Hantman, the Miami-Dade County School Board yesterday voted to receive the report on the Development of Procedural Guidelines with the Miami-Dade County Public Works Department and the Florida Department of Transportation. The guidelines will assist in the coordination of a timely installation of all traffic control safety devices for the opening of new school facilities in Miami-Dade County.

The purpose of this collaborative effort with the Miami-Dade County Public Schools Community Traffic Safety Team is to ensure that all of our schools are in full compliance with safety standards at the time a new school is opened. "The safety of our students, parents, teachers, and administrators as they enter and leave our facilities is top priority," said Ms. Hantman.
