District 4 Highlights

- As part of the WalkSafe Program, which aims to improve pedestrian safety and student wellness, **Flamingo Elementary School** implemented the Outside Street-Crossing Simulation on October 6, 2015. Students in Kindergarten through Second Grade practiced crossing the street utilizing safety procedures such as stopping at the curb and looking left-right-left before crossing the street. Students applied the knowledge gained through instructional videos and activities conducted in their classrooms the day before. Additionally, Physical Education teachers conducted the simulation for Third through Five Grades in the field during their daily scheduled P. E. classes.

- Miami Lakes Educational Center** - Nathalie Mairena and Stephanie Brito, are now the newest and youngest interns at WLRN. The two students, editor-in-chief and managing editor of The Harbinger will learn about writing and producing multimedia stories for radio as well as WLRN's online platform. Stephanie will also continue her second year as an intern at The Miami Herald. Look out for her stories in the Health and Tropical Life sections. Congratulations also to their journalism teacher, Ms. Neyda Borges.
